TO AN ETHNIC ACCESSORY OF THE POPULATION OF CULTURES OF ZRUBNA ENTITY

In this article is the check of the bases for reference tribes of Zrubna entity to North Iranian ethnic group, after a critical estimation of this hypothesis A.P.Medvedev is undertaken. The check has shown, that the bases of a hypothesis to shake it was not possible. The opportunity has appeared to involve the Chinese materials of epoch Shan and Chjou for specification ethnic and linguistics of an accessory steppe tribes in II millenium B.C.
