THE ROMAN TERMS AT THE TERRITORY OF THE CHERSONESOS TAURICOS CITADEL

The article is devoted to characteristic or terms of Roman garrison, which were found on the territory of so called citadel of Chersonesos. As present materials tells us, that terms were built not earlier than at the middle of II A. C. and they were working until middle -second half of III A. C. Than terms were destroyed and room 5 and swimming-pool were rebuilt and used until VI A. C. Existence of this complex, which was very important part of life of Roman empire and Roman troops, chronological belongs to the sane time, when Roman troops were based on the territory of Chersonesos. And finish of using of that terms well coordinates with information about time of moving out of Roman garrison from Chersonesos.
